# In Sight

Editorial from Georgia Cheer

*Mystepson Patrick and I have spent the summer riding. This time he's riding our three year old mare "Ellie" (CR Monarchs Memory) and I'm on our 3/4 Arab mare Phoebe.*

This summer has been full of activities. We had a foreign student from Taiwan with us, and it was a wonderful enriching experience. We've also been doing the usual summer things: swimming, riding and going to the movies. Now its back to work and here's a new project that I know you'll want to be a part of.

The 1997 North American Crabbet Bloodstock Stallion Guide is the first ever of its kind and will appear annually. This valuable reference guide will feature stallions of various percentages of Crabbet breeding. It is hoped that with a strong participation in the first guide, more Arabian horse lovers will become aware of the importance and rarity of Crabbet blood and base their breeding decisions with the aid of this guide. That is why the percentage of Crabbet blood is being featured. This guide will be a source of reference and influence on breeding decisions for years to come.

Each full page ad (8-1/2 x 11") will be grouped in order of the highest percentage of Crabbet blood in order to help readers increase the Crabbet percentage in their own program or make use of stallions of advancing age. The Eastern Crabbet Society has offered to calculate your horse's Crabbet blood percentage and provide you with a verification certificate for only \$5.00. Ads that have been authenticated will have a special logo placed by their percentage to confirm percent of Crabbet blood. You may send a copy of your pedigree with \$5.00 payment and SASE for certificate return to ECAHS c/o Buzz Moore 10106 Vaughn Rd. Petersburg, VA 23805. We urge you to send for your certificate early as it takes two weeks to process.

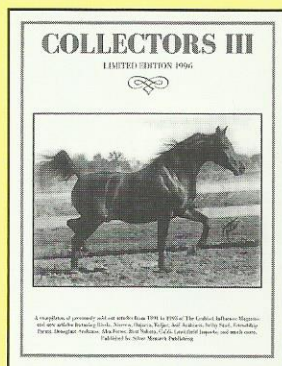

The 1997 North American Crabbet Bloodstock Stallion Guide will be sent to all current Crabbet Influence subscribers in January 1997 in place of the quarterly issue for that month. Each full page advertiser will also receive a copy of the guide and 100 free copies of their stallion ad. Crabbet based clubs or organizations can receive a free page ad if five of their current members take a stallion page ad.

The cost per page stallion ad is only \$185. A full color stallion ad is \$360 with one color separation. The full page ad cost includes all typesetting, design, and 100 copies of your ad **plus** one free copy of the Stallion Guide. Ads will be formatted per provided information on the insertion order (opposite page). All ads must be received by October 15, 1996, so that we may go to press by December. Help us make our premier edition a sought after and devoured book like our Collectors series!

More years ago than we'd like to count, a group of slightly crazy women called themselves the "Rowdi Bunch" and Rowdi Arabians was born from a single Crabbet line foundation mare. After a long hiatus from breeding, the winds of opportunity began to blow again and like the fabled phoenix, Rowdi Arabians rose again.

Our present partnership seems destined. Our small, select band all came to us out of obscurity or misfortune. Queene (Handyraff granddaughter) was rescued from a local "killer" sale. Miki Wind (Wind Fortune x An Malik daughter) was once sold for a board bill and came to us from a divorce sale. Rowdi Mani-tou (Cytrys granddaughter x Crabbet mare) was the last filly bred by the original Rowdi Arabians. Rowdi Sorcerer (owned by Ginger Graybill), the sire of our 96 colts, is the last son of Antezeyn Skowronek.

This year, we were given the opportunity to lease a superb 97% Crabbet Lewisfield blood stallion, SCF Magic Nizzam from Mrs. Barbara Gould, Spring Creek Arabians, who was unable to promote Zam to his full potential. He is probably the last breeding stallion so close in blood to Indian Magic and Nizzam, two Crabbet legends, and the son of a National Champion. He may be the last source of straight Lewisfield blood available.

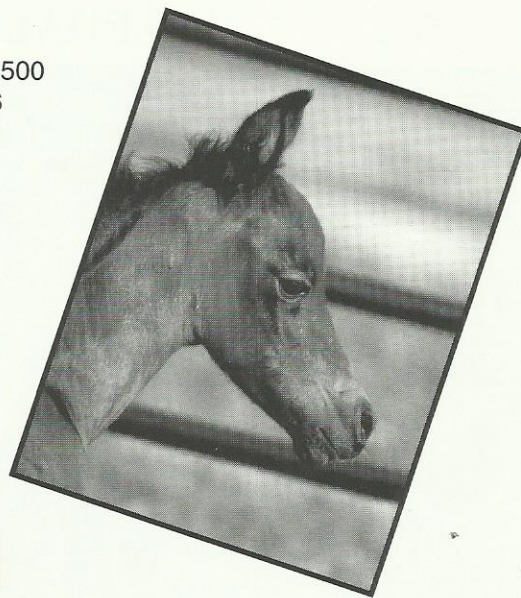

Our breeding goal: supreme athletes, with knock-em-dead classic looks and real "tent-horse" personalities. We invite you to come by and hug all our horses!

## Beaujallais

1992 Hamdani Simri Stallion  
Tail female Sobha

Beau is a picture perfect Country English Pleasure horse!! Look for him at the Region III Show in Reno with Ali Brady and McDaniel's Training Center. He is eligible for '97 Pacific Slope Championship. Thank you Gretchen and Mike McDaniel for your excellent care and training of Beau in Halter, English Pleasure and Country English. He has been judged and placed by Marty Shea, Michael Byatt, and Larry Lewis Jr., among others. Don't they have excellent taste?

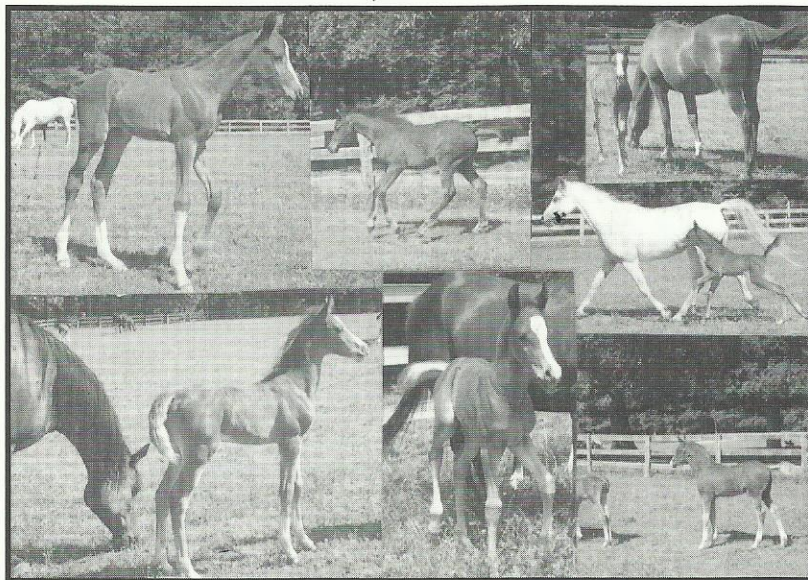

Please call now for professional video. We have a wonderful yearling filly available for viewing. Sorry, she is not for sale. Beau is a CMK eligible stallion. Beaujallais is owned in partnership with Frank and Gloria Disabito. Stud fee of \$1,000 includes a really cool jacket. Would consider sale to right party.

**CR SILVER MONARCH** is on lease to Mystic Arabian Farm in Petersburg, Virginia from Washington state, so that he may offer his bloodlines to east coast breeders. This rare son of international sire of champions, **BEN RABBA++/** is the only son out of a direct daughter of twice British National Champion **\*SILVER VANITY**. **CR SILVER MONARCH** is half-brother to U.S., Canadian, British and Israeli National Champions all sired by Ben Rabba++/. Ask for our thorough researched pedigree study.

**CR SILVER MONARCH** is an honest 15.1 inch tall with a very friendly, kind personality. He has lots of neck, good bone and Arabian type. He also has lines to \*Raffles and Abu Farwa. Has sired three bay foals from grey mares! The first, CR Monarchs Memory has qualified for Reg. 4 & 5 in Halter Mares. His offspring have the BEST temperaments, large eyes, length of hip and straight legs! All those who have bred to him have been very happy with the resulting foals. Very few select foals available for purchase from our broodmares.

CR Monarchs Memory #494603 1993 bay mare from grey \*Druzba daughter. For sale, Regional qualified and Sweepstakes nominated.

**CONGRATULATIONS** to Scott and Carolyn Gibson, Alvarado, Texas, on their purchase of CR Silver Empress (out of our triple \*Serafix, triple Abu Farwa mare). Carolyn writes about her 9 month filly, "I must say she is a stunningly beautiful, extremely elegant filly. Her disposition is wonderful. I very much like her length of leg and overall balance." We have many happy owners of CR Silver Monarch foals.

**CR SILVER MONARCH** has completed successfully in halter and stock horse. He has qualified for Reg. 15 in 1st Level Dressage and is a member of the Klassi 8 musical quadrille. His performance lines suit riders of many disciplines - endurance, dressage, trail, English. We welcome mares of any breed, and give family attention to your valued mares. For performance ability in any endeavor, breed to a horse of proven bloodlines, **CR SILVER MONARCH**.

# PINE BAR ARABIANS

At Pine Bar we enjoy the mind and personality of the horse . . . we continue to learn from them. Our goal is to encourage and continue with some of the established lines and to keep the Arabian as natural as possible. With the recent additions to the ranch, we are providing the most natural environment possible for our horses. We hope they may grow into the reasons we chose to have Arabians, or any horse, in the first place. Come by and see us, take a ride and enjoy.

# ROH BETA GULASTRA 10216

by Karen Paulo

Polly Knoll photo.

The great Gulastra 521 died before his last batch of foals arrived in 1955. Left among his legacy was a chestnut colt foaled on June 7, out of Al-Marah Aasaba 5352, "one of our best Indraff 1575 daughters," states breeder Bazy Tankersly in some old correspondence regarding the mare. The colt was originally named Al-Marah Anmar, which is Arabic for 'patriarch.' The name was later changed to Roh Beta Gulastra, after his purchase in the 1956 Al Marah Auction by Dr. Roger Baker, who was "Jack Armstrong - The All American Boy" of radio fame.

Roh Beta Gulastra's bloodlines are a rare and wonderful blend of Crabbet stock descending from old Egyptian sources of Ali Pasha and the desert tribes of Egypt. He was considered 61/64's Al Khamsa. His pedigree also reveals a great deal of athletic ability.

## **Sire and Dam**

Roh Beta Gulastra's sire, Gulastra, was bred by W.R. Brown, Maynesboro Stud, Berlin, NH, and foaled May 21, 1924. Gulastra lived to the ripe old age of 31 and sired 115 registered foals which was a large number of foals for those days. Gulastra sired horses all over the United States, and this chestnut's last home was with Bazy Tankersly of Al-Marah Arabians. Gulastra's sire, \*Astraled 238, was bred at Crabbet Park Stud in England, and imported at the age of nine in 1909 by F. Lathrop Ames. \*Astraled was the sire of \*Ramla 357, winner of the 306 miles long Endurance Test of 1919 for the U.S. Mounted Service Cup, and also the sire of Kheyra 229, who placed third that same year. Gulnare 278, Gulastra's dam,

was sired by \*Rodan 258, bred by Crabbet and imported in-utero in 1905 by Spencer Borden, and was out of \*Ghazala 211, a grey mare bred by Ali Pasha Sherif of Egypt. \*Rodan took fourth overall and High Scoring Stallion in the 154 mile Morgan Horse Club Endurance Test in 1913 with a time of 30 hours and 40 minutes, the same time as for the winner who was carrying 20 more pounds than \*Rodan.

The dam of Roh Beta Gulastra, Al-Marah Aasaba 5352, was sired by Bazy Tankersly's highly regarded foundation sire Indraff 1575 who was of Crabbet descent (\*Raffles 952 x \*Indaia 813), and out of Nafri 2010, a daughter of the great Egyptian racehorse \*Nasr 889, who stood at stud at the world famous Manial Stud in Cairo prior to being imported to the U.S. by W.R. Brown.

## **Changing Owners**

They say "like father like son" and Roh Beta Gulastra sired horses all over the United States as did his father before him. After Dr. Roger Baker left the Arabian horse business, Roh Beta Gulastra was sold. It is difficult to account for all of Roh Beta Gulastra's owners. It appears he stood in the Midwest for a time, as well as The Elephant Walk Trading

Company in Pleasant Valley, NY, for a \$1000 stud fee from 1975 through 1979.

Howard Marks of Tracy, CA, had owned Gulastra in his later years prior to Bazy Tankersly in 1953. As part of that same circle of life, Marks purchased Roh Beta Gulastra sight unseen in 1982. In a brief article appearing in the 1984 January *Arabian Horse World*, Marks felt Roh Beta Gulastra "Looked so much like his sire that it was just like the old horse comin' home." The article was written when Roh Beta Gulastra was 29, and it goes on to say that "Whenever a mare comes by, he starts prancing and showing off and is very masculine." Roh Beta Gulastra's antique bloodlines blended nicely with the Crabbet/Egyptian mares of Howard Marks, producing some very nice stock that is still breeding today.

In the fall of 1984, Robbi Pruitt (then living in California) was looking for a stallion to breed to her mare. While leafing through a magazine, she read an ad for a son of Gulastra at the Howard Marks Ranch in Northern California; it was Roh Beta Gulastra. "When I called the ranch to inquire about breeding," says Pruitt, "I was told that the stallion was for sale and probably would not be available next season." Pruitt wasted little time and added the grand old man, Roh Beta Gulastra, to her herd along with "two beautiful HMR bred mares and a weanling son of the old stallion."

Roh Beta Gulastra became affectionately known as "RB" and he lived out his days with Robbi Pruitt until he died at the age of 33. Pruitt, a breeder dedicated to preserving

## **Pedigree of ROH BETA GULASTRA 10216:**

\*Astraled 238 (Mesaoud x Queen of Sheba)  
Gulastra 521  
Gulnare 278 (\*Rodan x \*Ghazala)  
Indraff 1575 (\*Raffles x Indaia)  
Al-Marah Aasaba 5352  
Nafri 2010 (\*Nasr x Kedem)

the antique desert Arabian blood, crossed RB onto her CMK mares, retaining several of them as breeding stock for her herd.

### ***Roh Beta Gulastra*** ***Endurance Sire***

RB sired a total of 82 registered pure-bred foals beginning in 1960 until his last ones hit the ground in 1988. Again, like his father before him, his final foal crop left behind the very horse that may continue where he left off. Robbi Pruitt's stallion Gulastras Splash, out of Djomaca, is a beautifully balanced chestnut with plenty of chrome, including a belly spot. He is rapidly proving himself as a successful endurance horse, having over 1500 miles, ranking 3rd Mileage Stallion in the United States in 1994, plus placing in the Top 10 and winning best condition. Splash has also been introduced to dressage. Splash's first foals, all chestnuts, show great athleticism and have good dispositions. Long-time Arab breeder Marjorie Van Gilder of Wasco, OR loves her Splash filly out of Sholex, and she was so thrilled with this filly that she bred the mare back to Splash, hoping for another "just like her."

RB, like his sire Gulastra and also his grandsires \*Astrald and \*Rodan, was noted for siring athletic performance horses. Quite a few of RB's later foals bred by Robbi Pruitt have gone on to be successful endurance horses. "It was a great feeling," Pruitt told me, "to see five RB descendants that I bred going down the trail on the Death Valley Encounter." The Death Valley Encounter is an AERC multi-day ride of 210 miles in four days and was held late December 1995.

RB's son, HMR Striko, a bay stallion out of HMR Bint Shiko, got off to a promising start, completing 200 miles in American Endurance Ride Conference (AERC) sanctioned rides prior to a pasture injury, the result of getting a leg over a pipe rail fence. HMR Striko also has a couple offspring beginning endurance careers. Gulastras Echo, a chestnut stallion out of Queen Lawruska, is nearing 1000 miles carrying heavyweight rider, Gary Rexroad. The RB daughters, HMR Waulastra out of HMR Wautal, and CR Bezt Chablis out of Ms Bezt, have been tested in endurance before becoming broodmares. Gailastra, a grey gelding out of Gai Andromeda and owned by Kathy Murphy, has performed well in endurance on rides of 50-100 miles by placing in the Pacific Northwest Endurance Rides Top 25 and AERC Northwest Region standings for 1995. CR Cajuns Bezt, out of Ms Bezt and owned by David Allen, has approximately 500 miles down the trail. Gulastras Sundown, a chestnut gelding out of HMR Hariba is owned by Al and Karen Paulo (this writer). He started his endurance career in 1995, having only 100 miles to his credit, and shows a lot of future promise.

It looks as though the athleticism from the desert will continue to trickle into the future through Roh Beta Gulastra and his offspring.

# HMR Striko

**Solid Bay 1984 stallion**

## A Very Rare Opportunity

Roh Beta Gulastra

Gulastra: \*Astraled x Gulnare

Al-Marah Aasaba: Indraff x Nafri

Shiko Ibn Sheikh: \*Rashad Ibn Nazeer x \*Bint El Bataa

HMR Bint Shiko

HMR Farabis Hidiya: Hallany Mistanny x Farabi

Canyonside Ranch is offering for sale this own grandson of the great Gulastra. His bloodlines are a unique blend of old Crabbet and Egyptian and he himself bears an uncanny resemblance to Islam. Striko consistently sires tall, correct, athletic foals with excellent dispositions. His own endurance career was ended by a fence injury, leaving him only pasture sound.

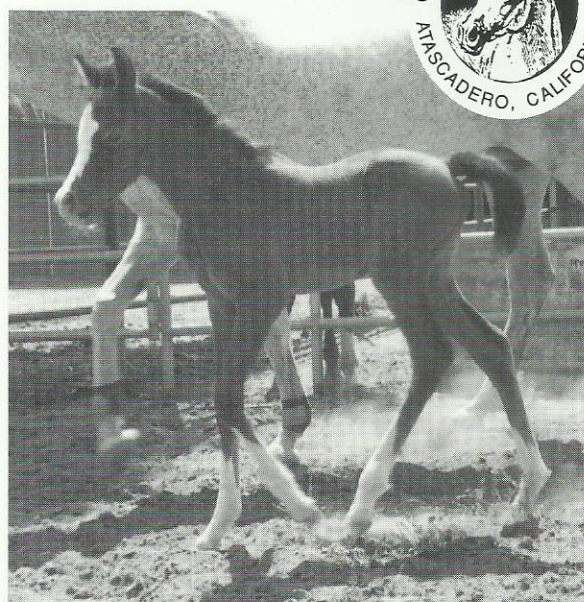

## Quality Performance Horses

	Pico Haat Shaat	Haat Shaat+	Tahas x Sha-Ira
Blitzen of Pico		Jolley Pico	Rahmoun x Kishtee Pri Moun
	Amazon of Pico	Amara Baha	Abu Baha x Tahir

# BELESEMO ARABIAN RANCH

## BELESEMO TRAD (Las Trad x Alla Mem)

At age 24, still and yet our best reason for owning and loving the Arabian horse. Trad is the sire of Class A Show Champions, State Hi-Pt. winners, Futurity Champions, 3-day event and endurance winners. Transported semen and offspring available for sale.

## OVERLOOK FARWA (Abu Farwa x Al Marah Zaibaq)

To our knowledge, Overlook Farwa, aged 27, is the last siring son of the legendary Abu Farwa. Overlook Farwa is a National Champion Cutting Horse in addition to numerous open and Class A show wins, and the sire of halter and performance champions. You will never get closer Abu Farwa breeding than this.

### Also standing BELESEMO MAGIC and RD ARIZON

Transported semen available.  
Also offspring for sale with multiple crosses to Abu Farwa.

# CMK ALL THE WAY

Aurab

Ga'zi

Aurab and Ga'zi granddaughters are the base of my breeding program, along with other lines to Abu Farwa within pedigrees of all Crabbet, Maynesboro and Kellogg breeding. For beauty, performance ability and easy going dispositions these bloodlines can't be beat.

As I wish to remain a small breeding operation I am now offering most of my mares for sale. All mares are either bred for 1997 or come with a free breeding to FV Shizam, a beautifully built linebred \*Nasik horse who is by the spectacular moving Aurab son, Aur Shibui, who is out of Jada Sierra. Jada Sierras' grandparents are Rabiya's, Rayza by Ghazi, Sharik by Ralet and Nasina who is by \*Nasik out of \*Farasin. FV Shizam, alias "Sparky," is out of Farlanes Elektra (Farlane by Abu Farwa x Alleyna by Alla Amarward). Elektras' dam is the well known Muferra, by Muhuli by Abu Farwa and is out of Ferlina by Buddi x Ferlita, a granddaughter of \*Ferdin, \*Rasima, Rifnas and Ghazayat!

"Sparky" is passing on his excellent conformation, high natural trot and sweet disposition. See his ad in the *Crabbet Influence Collectors Volume III* along with a full page article on Ga'zi.

## Mares for sale are:

**GLITTERING FAERIE** #391942 (\*Seffer x Bint Mersa by Ga'zi) with five lines to Rissalix plus Silver Flame, Indian Magic, Silver Gilt, Bright Shadow, Oran, \*Raffles, \*Raseyn and \*Roda. A rare breeding age \*Seffer daughter. Had lovely colt by FV Shizam.

**GRAN-D GINGERSNAP** #281763 (Sound Wind Shazi by Ga'zi x Aroneka by Zironek by Ga'zi) Triple Abu Farwa with lines to Islam, Khaldi, Ronek, Farana, Antezeyn Skowronek, Alyf and Ziyadi. Tall, elegant with excellent head and shoulder. Had huge, well built colt by FV Shizam.

**NASIKA AUREO** #330518 (Sound Wind Shazi by Ga'zi x Matrix Aura by Aurab) Triple Abu Farwa with lines to Khaldi, Kolastra, Bazleyd, Ghazi, Hanad, El Nattal, Vabu and multiple lines to Rifnas, \*Nasik and Gulastra. Smooth bodied with beautiful action.

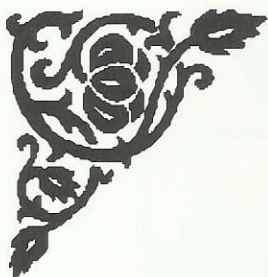

**BRIGHT NAJMI** #249819 (Bright Electric x Muletta by Muhuli) Bred by Marjorie Van Gilder. Triple Abu Farwa with all Skyline breeding on top. Double Antezeyn Skowronek with Alert, Farnasa, Ferseyn, Terhani, Rifnas and Ghazayat. A sweetheart. Gorgeous head and eye. Had great colt by FV Shizam.

Prices for these mares start at only \$2,000.

# CENTENARY OF THE HARWOOD STUD

by Rosemary Archer © 1996

Harwood has the distinction of being the oldest Arabian stud in Britain. It was founded in 1896 when Colonel F. Lyon of Horsham, Sussex, bought the four year-old mare Howa at the 8th Crabbet Sale. Howa was a great-granddaughter of the Blunt's well-known mare Hagar, which they bought in Arabia and rode on their desert journeys, and her sire was Azrek, one of the Blunt's finest imports. Howa's granddam, Harik, was Hagar's daughter by Kars, the first stallion to stand at Crabbet and Wilfrid Blunt's favourite hunter.

After the first World War Colonel Lyon's daughter May and son Alec took over the Stud. May Lyon, a great admirer of Lady Anne Blunt and a staunch supporter of Lady Wentworth, later added several other mares of Crabbet breeding to Howa's family. These included Yavroum (1944) by the famous Raktha out of Nazziria, a rare Naziri daughter; Rafika (1943) by Ruskov out of Rishna; and two valuable Indian Gold daughters, Rosalina (1943) out of Rissella, and Naxindra (1944) out of Naxina. These mares provided the foundation of the Harwood Stud.

Alec Lyon had a property at Rostrevor, beautifully situated on the shores of Carlingford Bay in Ireland, and some of the horses lived there. On his death they passed to May who continued the Stud with horses at both places and she lived for half the year in Ireland and half at Harwood.

Unfortunately Miss Lyon's ideas of stud management were virtually non-existent. Pasture was neglected, the horses were never wormed and their general condition often poor. Miss Lyon died in 1962 and she left her

Horsham estate to her first cousin's son, Robert Calvert and his wife Monica, and the Irish property and the horses there to their youngest daughter, Georgie (now Mrs Moore), who was twelve at the time.

The Calverts immediately set about re-organising the Stud. Hop Oast Farm, just outside Horsham, was purchased and Robbie and Monica Calvert bought from Georgie the horses at Rostrevor and re-united them as one stud on the new property. The farm consists of 250 acres altogether, of which 75 acres are well fenced paddocks; there is woodland and forestry land through which they ride. Cattle are grazed in the summer months and the Calverts make some of their own hay.

The brick built buildings were converted into stabling, and barns into three covered yards for young foals. Wooden sectional stables house most of the brood mares. Four other wooden loose boxes have two entrances and small paddocks attached and these make excellent accommodation for stallions and newly weaned foals. The indoor school was blown down in the 1987 hurricane and this has been replaced by an outdoor menage.

Having settled in the horses at the new location the Calverts learned all they could about stud management. The horses were properly fed and cared for and their general condition rapidly improved.

## Harwood Achievements are Many

The aim of the Harwood Stud is to produce Arabians of a high standard which are capable of performance work. Their horses have taken part in a great variety of events including the Golden Horseshoe Long

Joe and Sue Norman with (left) GAVIN, by Kasadi out of Gennista and MARCELINE, by Kasadi out of Kashala

Distance Ride, the Arab Horse Society Marathon Race over 26 1/4 miles, the Ride and Tie and ridden show classes, all with considerable success and many wins.

Their main interest, however, is in racing and there are usually one or two Arabians in training. One of their best has been Miralda, by Kasadi out of Mariamne. After a distinguished career on the race-course, during which she won three times and had a very consistent record in the Qatar Mares Championship with two seconds, a third and a fourth, she is now a successful brood mare. In fact, Miranda proved that it is possible for mares to alternate the role of broodmare and racehorse as she had her first foal at the age of four in 1986, then raced for three years, had a year off to produce her second foal in 1990 and then returned to racing for another two seasons before finally retiring to stud. Gentian (Genaro ex Jacynth) also raced well for a couple of seasons and came second to her stable companion in one race in 1987. She also is proving her worth as a broodmare and has a daughter Gennista, by Sha'baan, running in 1996.

Georgie Moore trains the race horses at her home nearby, and her husband John used to be jockey. Currently the Stud Groom, Joe Norman, is stable jockey whilst his wife, Sue, does much of the in-hand showing. Harwood has a happy family atmosphere where the emphasis is on busy enjoyment of all the activities with everyone joining in.

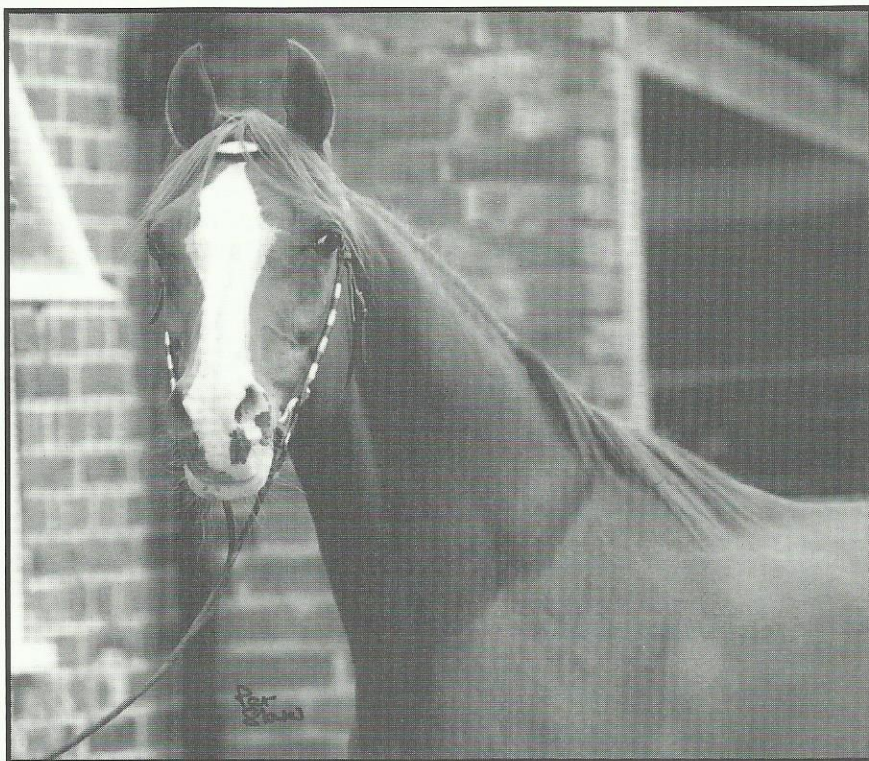

### Stallions Used at Harwood

When the Calverts inherited the Stud the principle stallions, Magnet (Dargee ex Rosalina and Fancy Shadow (Bright Shadow ex Yavroum) were quite old and following Miss Lyon's tradition of breeding from Crabbet horses, they decided to purchase a colt from Cecil Covey, who then owned the Crabbet Stud. They chose Indian Flame II, by Indian Magic out of Nerinora; he won at two or three major shows and proved a successful sire. His son, Taqah, out of Angelica (who is of the valuable Queen of Sheba line) sired a number of very good horses before his exportation to Qatar. Kasadi, by Taqah out of Anna Rose, who traces to Rissla, is now continuing this important line and has sired top-class show winning stock, as well as race and performance winners.

In 1984 the Calverts purchased Sha'baan (Shakhs ex Kasbana) to introduce an outcross. Occasionally a mare is sent to an outside stallion but to get new blood a stallion is often leased for a season or two. Currently Saker (Ahmoun ex Moulton Star) who was British National Champion Colt in 1988 and then raced successfully, is on lease at Harwood.

Sufficient carefully selected fillies are retained to keep up the required number of brood mares, approximately twelve. Surplus colts and fillies are sold as breeding stock and for riding, and some of the colts are gelded, the Calverts believing that geldings that do well in open competition are some of the best ambassadors for the breed.

There are certain female lines which the Calverts especially wish to preserve in the stud. They are particularly anxious to retain the line from Rissla through Rosalina, which they call their "Rose" family; another line they value is that of Mariamne, who descends from Rafika. Their lovely mare Sophy, by Hucklebury Fynn out of Nigella, a granddaughter of the Blue Domino mare Blue Sophonisba bought in by the Calverts, is one of the most consistent show mares in the country. She has won or been highly placed at most of the major shows and in 1988 was Champion at the South of England Show as a three-year-old. Two years later she was Champion Brood Mare at the British National Show at Malvern.

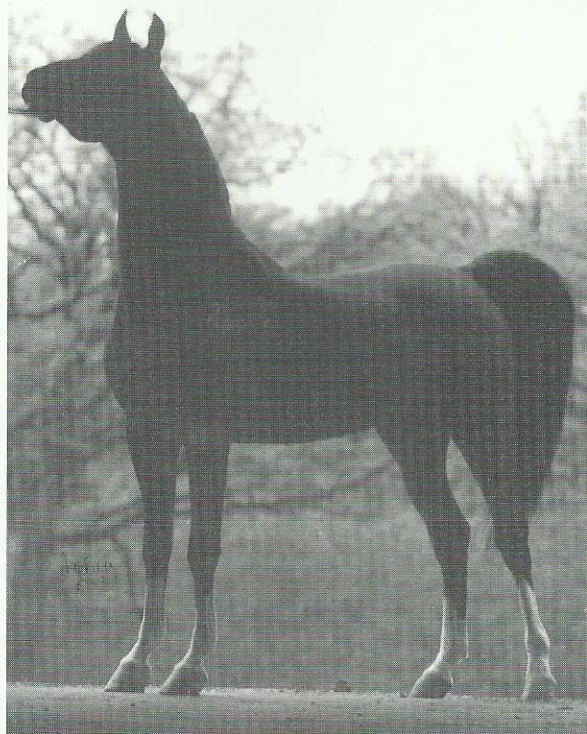

Above, KASADI, by Taqah out of Anna Rose. Below Monica Calvert and dog, with Georgie and John Moore and family.

Robbie and Monica Calvert became deeply interested in the Stud and in all matters connected with Arabians. They raised Harwood to be one of the foremost studs in the country and respected for the versatility of its horses. Monica, a Past-President of the Arab Horse Society and now a Governor, supervised the day to day management and has run the Stud alone since Robbie died in 1987. Georgie Moore and her family are equally enthusiastic so it looks as though the Harwood Stud will continue as a family affair well into its second century. It is hoped that a One Day "Foundation Review" for Arabians of Old English bloodlines will be held at Harwood in the summer of 1997.

## COUNT AKMAN

28 years young bay stallion #47237

*Park & English Pleasure Champion*

Durrall	*Aldebar by Dwarka
Durzeyyen #7065	Fadurra by *Fadl
Yakouta	Ribal by *Berk
	Ferdika by *Nasik

# The Crabbet Influence in Dutch Arabian Breeding

## Part Two: In Between Years

By Monique Lankhaar

In 1948 Dr. Houtappel imported the stallions Nizzam (Rissam x Nezma) who needs no introduction to American Crabbet breeders, and the The Chief (Riffal x Astrella, a full brother to Oran). He also imported the mares Sulka (Naseem x Nurschida), Tehoura (Radi x Niseyra) and Ziada (Fayal x Raxina). Nizzam and The Chief were both registered as bay, the mares Tehoura and Sulka were chestnuts and Ziada was a grey. Dr. Houtappel did not object against Skowronek, most of the horses he imported carried Skowronek's blood in one or more lines. They were all used on Dr. Houtappel's Rodania Stud for breeding. Their descendants can still be found in Europe and abroad. From Tehoura's offspring must be mentioned Bashida by General Grant, foaled 1952. Bashida still appears in the pedigrees of Dutch Arabians, more about her later on. Also must be mentioned Hamad (by The Chief), foaled 1953, who left some lovely offspring. And of course Achim by Noran, foaled 1961, probably Tehoura's most famous son and the only foal she had by Noran.

Sulka also had some very nice offspring, three daughters and a son the famous Nizar by Nizzam. Nizar was sold to Mr. Doemken of Germany, where he had major influence on the German Arab breed.

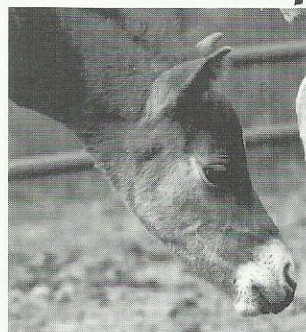

From Nizzam two other sons were of great influence on Dutch Arab breeding. Namely Aatik out of Farida who was by Edh Dhahab x Sulka and Nisry out of Rythoura (Rythal x Tehoura).

In 1959 Dr. Houtappel bought Noran at Crabbet Park. Noran became one of the most influential stallions in the Netherlands not to the least through his son Achim. In 1969 Achim went to Great Britain with Dr. Houtappel, he was forced to move because a motor way was going to be built across his land. There Achim was Supreme Male Champion in 1973 and Reserve European Champion in 1980. Later on he went to Mrs. Bazy Tankersley of Al Marah Arabians in the U.S.A.

During the sixties there were some other people who also imported Arabians from Great Britain. Among them were Mrs. H. De Ruiter Van Eyndthoven, Mrs. A. Peletier-Muller and Prof. Dr. and Mrs. A. Moonen. Some of the horses they imported were the mares Susquehanna (General Grant x Raggassa) and Shakra (Indian Magic x Rissada) and the stallion Rissaz (Indriss x Kazra), he was bred at the Maxwell's Lodge Farm. They all created their own families in Holland. The stallion Rissaz was exported to Italy a few years ago, and nobody has heard of him since. Maybe he died, because he was not that young anymore. One of his sons still breeds in Holland, a grey named Oostervelds Marzas.

Unfortunately not many descendants from the early imports are left in Holland. Mainly because the Russian Arabs were introduced to Holland. And many people sold their English bred Arabs or bred them to with a Russian Arab. You might say that the Dutch invented the Crabbet Russian cross. Many Arabs of these crosses were highly placed at shows. To name just a few of the stallions: Hassan and Khourgs by Plakat out of the mare Chantal (Fancy Shadow x Mafika). And of course the stallion Amal by Abdullah out of Naomi (Darjeel x Zeldi). The English lines were so bred out of the Dutch Arabs, although you can still find Arabs in Holland with one or more lines to either the early imports or to Crabbet Arabs who were imported to other countries in the world. Also a lot of people discovered the Polish Arabs and switched from the English lines to the Polish Arabs. The Moonen family, for example, only breeds Polish Arabs nowadays.

## Snowdrift Arabians

Introduces our double DRIFTER (Kellogg/Davenport) 1996 chestnut colt, featuring several crosses to FARANA (inc. the sire line) and FERSEYN.

He has an incredibly gorgeous head, and is correct and super sweet; he epitomizes the kind of lovely family horse we raise.

	Drifter	Faro	Farasa/Fermailia
		Kalilah	Sahiby/Kasila
Drifter's	Flaming	Fersha	Ferseyn/Shal-Ira
Star	Ferjaara	Janara	Narab/Janabu
		Faro	Farasa/Fermailia
	Drifter	Kalilah	Sahiby/Kasila
Drifter's	Elena	El Rahna Sarab	El Rahna/Rose of Rodania
	La-Rahna	Lanaka	El Mankha/Sr. Fallala

Also included in our 1996 foal crop will be another double DRIFTER baby due in late June. We welcome inquiries about these purebreds as well as our part-Arab pinto foals.

At Stud: Drs Flaming Star (bay) by Drifter \$500/200 and H.D. Highlander (bl/wh tobiano) 3/4 Arab \$350.

# The Breeding Program at Diamond L Arabians

Jetta Diamond L (pending) foaled May 21 is Diamond "L" Arabians one and only foal for 1996. The picture was taken at one week old. Jetta is representative of our efforts to introduce proven racing stock into our program. Her sire TIKISFLAMING JET+/ 376327 (Tiki Sahiber Ku x Flaming Emotion) has the North American track record for 1-1/2 miles on dirt.

In 1995 we had four colts and no fillies. DIAMOND LUTE L 519409 is by the Polish Race Horse of the Year \*Origan (Parys x Orgia). DIAMOND FLYER L 519539 is by Don Juans Flyer (Juan de Shawn x Lilly Eda Ku). DIAMOND LARK L 522139 (Luzonaborr+ x India Diamond L) has Skowronek in the sixth generation plus six of his get (Naseem, \*Raswan, \*Raseyn, \*Raffles, \*Rifala and Jalila as well as the grandget Ferseyn and Sureyn). DIAMOND SUREYN L 517775 (Nero Sureyn x Cara Flame L) is a very fine stallion prospect with three crosses of Sureyn x Gran Via in his pedigree.

A common thread in our program is Edna Draper (P. O. Box 7460 Santa Rosa, CA 95401). She is responsible for six of the stallions to which we have bred mares to: i.e. SUREYN-SUPREME by Sureyn, MON-SURECO by Pomona Ahmen, GRAND RULER by Sur-Grande, NEER TO ME by Nereyn, NEERO SUREYN by Neer To Me and JUDO by Jubilo. Edna is 89 years young. A grand lady who has been breeding Arabians for over 62 years! She still has a superbly bred group of Arabians. A note or telephone call would be a nice gesture of appreciation.

### *Coming in January....*

The 1997 North American Crabbet Bloodstock Stallion Guide is a project that is sure to not only be an informational tool but a historical guide. We encourage all stallions to advertise their percentage of Crabbet blood (as well as other blend percentages) so that we may all gain visual knowledge of their stallion's makeup. Contacting stallion owners to discuss their stallion's pedigrees will surely encourage more breeding, more preserving and more education. Please read our editorial on page 3, insertion form on page 2, or phone us to be included in this premier edition.

# On The Importance of Good Photos

## by Sandy Rolland Clark

The importance of good photos cannot be stressed enough. I'm sure that you have been taught all you life how important first impressions are. Well, a photo of your horse is a first impression, and if it isn't a decent photo, there will most probably be no chance to correct this impression.

As a historian I have been forced to use some truly awful photos because that is simply all there is in existence. This gives us the euphoric feeling that our horses today are better quality. But are they really? Or is it just extremely poor photos that make this appear to be the case? As historians, one hopes we may be forgiven for using a bad photo for its historical value to preserve a record of the horse, but there is no excuse for a bad photo of a horse that is still living and one can do something to get a decent photo.

In today's market, the newcomer to the Arab horse is assaulted by "pure this" and "straight that" and they tend to "judge a book by its cover."

When you send photos to this, or any other publication, they need to be sharp, clear photos. If you are taking your own photos, I will say a word here about film. Black and white film works best if the photo is to be reproduced in black and white because the contrast is sharper - the film is designed that way. Photos taken on film with an ASA rating higher than 200 may look fine in a standard size print, but when it is enlarged it will be "grainy" and start to blur.

A regular 50 mm lens that comes standard with most cameras is not appropriate for horse photography. It tends to make the horse's muzzle look larger since it is nearer to the lens and also makes the top of the head appear small. Therefore it's best to use a 35 mm camera with a long distance lens or zoom lens. This way the distortion is minimized with the added depth of field a long distance lens provides. Of course you will be forced to stand further away from your subject, but for accuracy's sake, the lens will show the horse in focus while putting a soft edge on background and foreground objects.

Amateur vs. professional. There is nothing wrong with a good amateur photo as long as it is well thought out and well done. Bay horses tend to blend into the background when posed in front of trees - especially if reproduced in black and white from a color photo. A grey horse will do a Cheshire Cat act when posed in front of a white barn. So use some common "horse sense" when choosing your background: dark horse in front of a light background and light horse in front of a dark background.

The human eye only sees what it is focused on, unlike the eye of the camera, which will record everything in front of it. So, while YOU are looking at your horse, the camera will record the telephone pole behind him that makes him look like a carousel horse and the fence that needs to be touched up with paint. Look around carefully - you will find that you didn't notice things that you see every day.

Your photo will also show the family pets wandering about!

The horse should be CLEAN with no mud or dirt on him/her. His mane and tail should be free of witches knots and his fetlocks should have been clipped of excess hair. The inside of the horse's ears and his eyelashes should never, ever be clipped. These are his protection against insects and dirt. Your tack need not be fancy, but it should be clean and in good repair.

Now you are ready to take the photo. This will take a crew of 3-4 people for best results. A handler for the horse, a camera person, and at least one other to help with "ears" and etc.

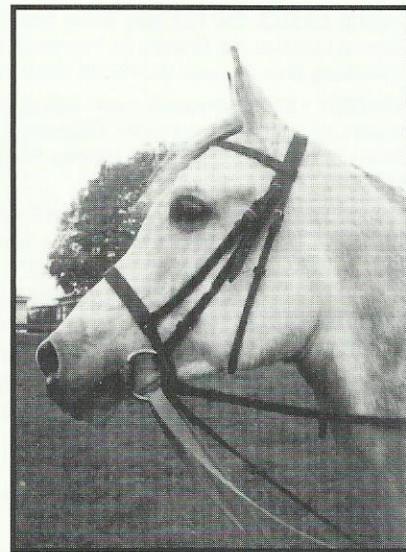

The handler should have all four of the horse's hooves on the ground, with all four of them under the horse. The far foreleg should be slightly behind the near foreleg and the far hindleg should be slightly in front of the near hindleg. The horse should be alert with his ears pricked, and if possible (I am assuming that our group of people are doing the photos NATURALLY without the use of ginger or anything else!), the tail slightly raised. Don't pull his head and neck up in the stars. This only makes it appear that the handler is holding the horse up and it distorts the neck. Please be sure the horse is standing on level ground so that he doesn't look high on one end or the other. Also be sure the handler is on the same level as the horse so the horse doesn't come across as either a pony or a "drifter!"

The photographer should stand facing the horse's barrel and hold the camera at the mid-point of the horse. This is particularly important with foal photos. If you stand above the foal you will get a distorted looking foal with a large head and small legs. Bending down to level the camera's lens on the same sight as the foals mid-section will greatly improve the dimensions of the final photo. If you stand too far in front of or behind the horse, the horse will look too light in the end away from the photographer, and/or heavy in the end near the camera.

The helper's job is to get the horse to look alert. This may be done in any number of ways and it depends a great deal on how laid back your horse is and how accustomed he is to the tricks used in the show ring. A plastic jug with rocks in it, a plastic bread wrapper tied on a whip or a stick popping in the wind, a full length mirror, etc. If it can be managed, a strange horse will make him "tighten up" prick his ears, and raise this tail. If you are going to attempt this method, a strange gelding will work best - a mare will cause your stallion to drop, which you don't want in your photo.

And finally, PLEASE FOLKS, MAKE THIS AN HONEST PHOTO OF YOUR HORSE, and not an "artsy" photo! It makes my teeth itch to see a horse cowering in a rose bush or behind a pretty girl in various garbs. It always makes one wonder what is being hidden.

## CHRIST CHURCH RAFFLES ARABIAN GELDING

*Christ Church in Warrenton, Virginia, is pleased to announce a raffle featuring a trained, 6 year old Arabian gelding with the temperament and manners for a youth or amateur and the potential for an experienced horse person.*

*The gelding is a 15 hand Polish/Crabbet bred athlete with unlimited potential as a hunter or in dressage, 3-Day Event, or endurance competition. He has had 5 months of professional training and goes quietly alone or in company in a snaffle bit. He is sound, sensible, friendly, and clips, bathes, and hauls without fuss. The gelding has excellent manners, both in the barn and under saddle. He is currently being started over fences by an advanced 3-Day Eventer and is ridden on trails for conditioning and experience.*

*A maximum of 1,500 raffle tickets will be sold at \$5.00 each. To purchase raffle tickets, send a stamped, self-addressed envelope; your telephone number; and a check made out to Christ Church to: Joan Semple; 5600 Lee Highway; Warrenton, Virginia 22186. For information about the gelding call (703) 335-1724 or (202) 452 7753.*

*Sale of raffle tickets will begin May 1, 1996 and the drawing will be held as soon as all tickets are sold or on October\*31, 1996. The winner will be notified by telephone and will need to make arrangements to pick the gelding up or assume board payments within one week of notification. Registration, Coggins, and vaccination records will be transferred to the winner at that time.*

*Christ Church will use the proceeds from this raffle to support activities such as assisting individuals with fuel bills, supporting groups such as Alcoholics Anonymous, and other community service projects.*

*Rates Slashed*

*Affordable Color!*

# SPECIAL ADVERTISING RATES

The Crabbet Influence is trying a TEST. A recent letter suggested that more people would advertise if our rates were lower, so we thought we'd try and prove her theory to see if a rate decrease affects an increase in the desire to advertise. We are now offering special discount advertising rates including discounts on color ads. If these special rates are well received and generate more advertising, we will keep them. These special rates take into effect beginning with the next issue through the end of the year. Don't expect us to remind you of these low rates, or of the deadline. (Lower rates mean less notices, phone calls, which we hope saves us costs). We want to see if you NOTICE on your own and take advantage. If you do take advantage, you will reap great savings!

## Limited Offering

# Letters

Dear Georgia,

I really enjoyed your April-May-June issue of *The Crabbet Influence*. It makes me proud to own three Crabbet Arabians and to know there are others that are trying to promote the "old" (type) Arabian. Enclosed find a check for the Volume 3 Collectors edition. Thank you and keep up the good work.

Tedde Rieck  
Edmond, OK

Dear Georgia,

I was delighted to find the April issue in my mailbox at last! The feature on Crabbet Arabians in England by Helen Lewis was a special treat. Enclosed is a check for \$20 for another year.

Yours truly,  
Carol White  
Garland, TX

Dear Georgia,

Enclosed is my check for yet another great year of the Crabbet Influence. I was thrilled to read your Pictorial Study of Pure Crabbet Arabians in England in the last issue. My husband and I were in England in 1994 for our 25th wedding anniversary and we happened to stay not far from Star Arabians. Keith and Daphne Gilbert have got to be some of the nicest people we have ever met. We just dropped in on them one afternoon, and were treated like old friends. We sat outside on their terrace and had tea. She showed us all around the farm, and all of the horses. I have pictures of myself taken with Aurora (Oran x Shadowlight) with Selina's (Hanif x Dancing Diamond) nose poking out from behind! What a thrill that was. She must be one of the last Oran daughters alive. I also have a picture of one of their stallions, Astar (Akhbar x Aurora) and he is just gorgeous.

All of our horses carry a percentage of Crabbet blood. We have a mare who is a Sir Victor granddaughter out of a \*Rithan granddaughter, we own a \*Padron daughter and her three year old son by a \*Muslin son, plus, the \*Padron mare just foaled a beautiful filly by a \*Raffles grandson. This filly isn't ours, she was spoken for before the mare was bred. There is nothing like the Crabbet disposition.

Keep up the good work, I just love your magazine.

Sincerely yours,  
Peggy Carr  
Dexter, ME

From Louise Donoghue we received this letter regarding Collectors III:

Dear Georgia,

My family and I are very honored to be the subject of such a comprehensive and complementary article in "Collectors III." One correction is necessary though. My husband Jerry, was entirely responsible for all the decisions made in his breeding program. From selection of mares to purchase, the choice of our stallions as their mates - the ideas were his own. I was active as a show rider, helped at foaling time and with overall care and of course hosted guests for many years at our farm. Jerry would be very pleased to know that so many Arabian owners are currently enjoying the horses that he developed.

With warmest regards,  
Mrs. Louise H. Donoghue  
Golliad, TX

## NEW IAHA CLUB: CALIFORNIA CMK HERITAGE SOCIETY

*New Arabian Club Focuses on Education and Promotion of early imported bloodlines.*

The California CMK Heritage Society announces its approval by the Board of Directors of International Arabian Horse Association as an affiliate club of Region I of IAHA.

The new affiliate was formed to advance the public's knowledge and use of the CMK Arabian Horse by promoting its identity and versatility. Future plans include an educational symposium showcasing the CMK Arabian and providing information to the public as to sources, bloodlines and family descendants in the US and abroad.

Although based in Southern California, club membership is open to anyone, horse owner or not, interested in the CMK Arabian Horse and preservation of its heritage. The California CMK Heritage Society offers a variety of memberships including adult and couple IAHA voting memberships, Youth and Social memberships. Interested parties should contact Membership Chairperson, Marci de la Torre at 42745 Fig Street, Murrieta, CA 92562. Telephone evenings (909) 677-9244 or Internet E-mail: mdelator@guidant.com

CMK (an acronym for Crabbet-Kellogg-Maynesboro) refers to the descendants of Arabian horses imported into the United States prior to 1950. Early American importers such as Homer Davenport, W.R. Brown, W.K. Kellogg, Spencer Borden, Roger Selby and W.R. Hearst established in this country, the heart of the CMK bloodline programs that have their origins in the Arabian desert and still exist and thrive today. Modern CMK preservationist breeders emphasize the direct inheritance from these ancient lines as well as the wonderful "people" disposition, performance capability and willingness to please that are the hallmarks of these animals. Many of our most outstanding show and race horses have resulted from the outcross of the CMK Arabians with the newer imports from all over the world.

## CLASSIFIED

List horses, property, services, various items for sale up to 50 words for only \$25.00. Each additional word, 20¢. To add a photograph, send \$25 additional, for a total of \$50.

**FOR SALE:** 2 year old grey gelding, Crabbet breeding, grandsire is an imported grandson of Indian Magic; 2 year old chestnut gelding, tail and mane getting lighter all the time, a beautiful people loving horse; also two yearling grey fillies, '96 grey filly, contact Steel Dust Arabians (406) 252-0296.

**ANTIQUES AND OUT-OF-PRINT HORSE BOOKS.** Emphasis on Arabians. Also other breeds; riding (inc. side-saddle); racing; shoeing, vet, children's illustrated horse stories, western, training, etc. Free catalogue and search service. I also buy all the time. Bookends, Box 445, Los Olivos, CA 93441 (805) 688-3484. (1/97)

**FOR SALE: KOWETA VANNA** (PR Alex x Talle Faye LHF) 1992 grey filly. Approx 15.1 + hands and growing. Correct conformation, exceptional movement. Dressage potential. Double \*Oran Van Crabbet, with lines to \*Count Dorsaz, Rapture, AM Radames. \$4,200. (540) 675-1535.

## CORRECTIONS

In *COLLECTORS VOLUME III*, David Ward has brought to our attention a caption error which appears on page 43. Ohadi Aurab is incorrectly captioned as Ohadi Ben Rabba and Ohadi Ben Rabba is captioned as Ohadi Aurab. The two photos were switched. We appreciate knowing of this error and ask that all of you mark your Collectors Vol. III to reflect this caption error.

Regarding Helen Lewis's article on Pure Crabbets in England Anne Stone of Crestones Arabians wrote to properly give credit that \*Seyad is co-owned by Dr. David Ward of Okanagan Falls, B.C. Canada.

## IN PASSING

We have been informed that Warren Park Stud of Sanger, California has lost two of their finest individuals. Their 1975 stallion AURIK 123150 (Aurab x Naulana by Aulani) has died and their outstanding 1975 \*Silver Vanity daughter, GF MYSTERY 123332 (out of Miss Mystery by Ga'zi) has also died. Both of these animals have bred on with very good stock and were themselves offspring of two well known and greatly influential stallions, Aurab and \*Silver Vanity. Our sympathies go to Warren Park Stud on their losses.

## SHOW CALENDER

The Maryland Futurity  
Sponsored by the Blue Ridge Arabian Horse Association on September 8, 1996  
Prince George's Equestrian Center  
Upper Marlboro, MD. Contact: Pat Clifford at (410) 356-7465

## NOTICE

The 1996 Harwood Centenary Celebration was cancelled. Hopefully the celebration can be rescheduled for 1997. *The Crabbet Influence* would like to know if anyone would be interested in traveling to England in 1997 to attend the event and/or the National show. There is also the Equestrian event in honor of the Queen's Anniversary scheduled. We will gather as much information on dates as we can. Let's hear from you!

These seven people have showed an interest to go to England in 1997:

Michele Marciniak (NY), Marie Taylor (VA), Sandy Hodge (MD), Marion Roth (NY), Shelly Taranoff (OR) and Anne Stone (NV) and myself. Anyone else?

## NEXT ISSUE

We have an article on Naseel (Raftan by Naseem x Naxina by Skowronek). Also we wish to compile information on surviving offspring of Ben Rabba and of Ga'zi for upcoming features. If you own get or grandget of Ben Rabba, please let us know or tell us of people you know who do so that we may contact them.

## SOLD OUT

Sorry, we are now sold out of the Jan-Feb-March 1996 issue.

## DO YOU HAVE GOOD QUALITY PHOTOS OF YOUR CRABKET INFLUENCED ARABIANS?

We'd like to publish your good quality horse photo (any sex, any age, color is preferred) in our magazine each issue as a testimony to the type of Arabian horse our readers breed. Your attractive horse can win over new people to our bloodlines and we hope to help this along. Please send us your glossy photo, with proper identification as to the horse's name, parentage, age, sex and owner. They can be natural poses, working poses, show photos, under saddle, whatever will draw interest to our kind of Arabians. These photos will become our property and will not be returned. Who knows! Your horse may end up on our front cover!

# English Photo Essay

Some of these horses were seen in a woolly winter state in our last issue and the owners thought they would provide us with photos that were better representative of their true quality. We included a new photo provided to us by one of our British subscribers, Ann Potts which we felt was of interest.

Photos on this page, clockwise from above right: INDIAN IDYLL (Silvern Idyll x Indian Golddust) 1990. Worth. Taken as a 4-year-old at his first training session on a race track. Below INDIAN IDYLL winning his first race in 1994. Over two seasons he has won or been placed 9 times; placings include 4th in the Emirates Championship Stakes at Epsom over the Derby course and 4th (beaten in a photo finish) in the G.B. Bred Championship at Goodwood, both in 1995. Ratcliff photo. ISMALA (Nefeuret x Silvern Image) in 1995 at Wessex Summer show, winner of Junior 2 year old filly class and Reserve Junior Female Champion with owner Caroline Sussex. Binley House. SEFINA (Silvern Idyll x Sa'Lilah) half-sister to \*Seffer, pictured as a yearling. Binley House. 1995 Dill-Marlow photo. 1996 Black filly (Kharrazan x JA Fay Sera, pictured). Owner/breeder Ann Potts, Roelcliffe, U.K. Ann breeds Egyptian and Crabbet. Photo D. Sissons.

Photos on this page, clockwise from top left: SILVERN DREAM (Silvadoris x Silver Ripple) 1977. Worth. Dill-Marlow photo. ROSE OF MEDINA (Silver Idyll x Princess Rubi'a) 1987 Worth. G.Dill-Marlow photo. PRINCESS RUBI'A (Rajeyd x Princess Alia) 1981. Worth. A. Reynolds photo. SILVERN PRINCESS (Silver Idyll x Princess Rubi'a) with foal at Rutland Stud. 1989. Rutland. Dill-Marlow photo. INDIAN MOONDUST (Silver Idyll x Indian Golddust) 1991. Worth.
